

# Certificate

TÜV AUSTRIA GMBH  
confirms that the company

## IC-Direct GmbH

Max-Planck-Strasse 12  
81675 München

has fulfilled the requirements analogous to ISO 14064-1 for the preparation of the greenhouse gas balance for the year 2022.

In the course of an audit, the calculation of the greenhouse gas emissions based on the greenhouse gas report of IC-Direct GmbH in the calendar year 2022 was verified with a sufficient level of assurance.

The identified greenhouse gas emissions were offset by selected climate protection projects.

This certificate is valid for the calendar year 2022 (reporting period).
